

INTERN MANAGEMENT SYSTEM

Streamline Your Company's Internship Initiative and Maximize ROI

Our effortless end-to-end solution empowers you to automate every aspect of your internship program from onboarding to daily task lists to professional development to communication tracking and much, much more.

Save **hours** of time preparing, coaching, and managing your interns.

Maximize intern engagement and **productivity** with an all-in one solution and best practice advice.

Increase intern and supervisor **satisfaction** by creating meaningful experiences.

“

In a word, the Intern Management System is comprehensive. From determining whether your organization is ready for interns to evaluating your program's effectiveness, this system spans the entire organizational experience. From onboarding to offboarding, it delivers the full lifecycle of the internship experience.

”
