

October 2025 Upgrades

In GradLeaders' **October 6, 2025** release, we're excited to introduce two powerful updates designed to boost user engagement: a brand-new Universal Search function and a modernized, re-freshed dashboard experience.

Universal Search

Conduct a single keyword search to find all records that match that keyword, in any part of the system. Clicking on the search bar will also show any recently viewed records.

Dashboard/Menu

Left panel menu is always available for improved navigation and utilizes your primary brand color.

Improvements to the widget design and improved ability to adjust/move them when in the dashboard editor.

Anchored navigations bottom/left of menu for Home/Dashboard, Recently viewed records, Chat , Notifications and Help.
